SUITES & SPA

*Designed for adults*

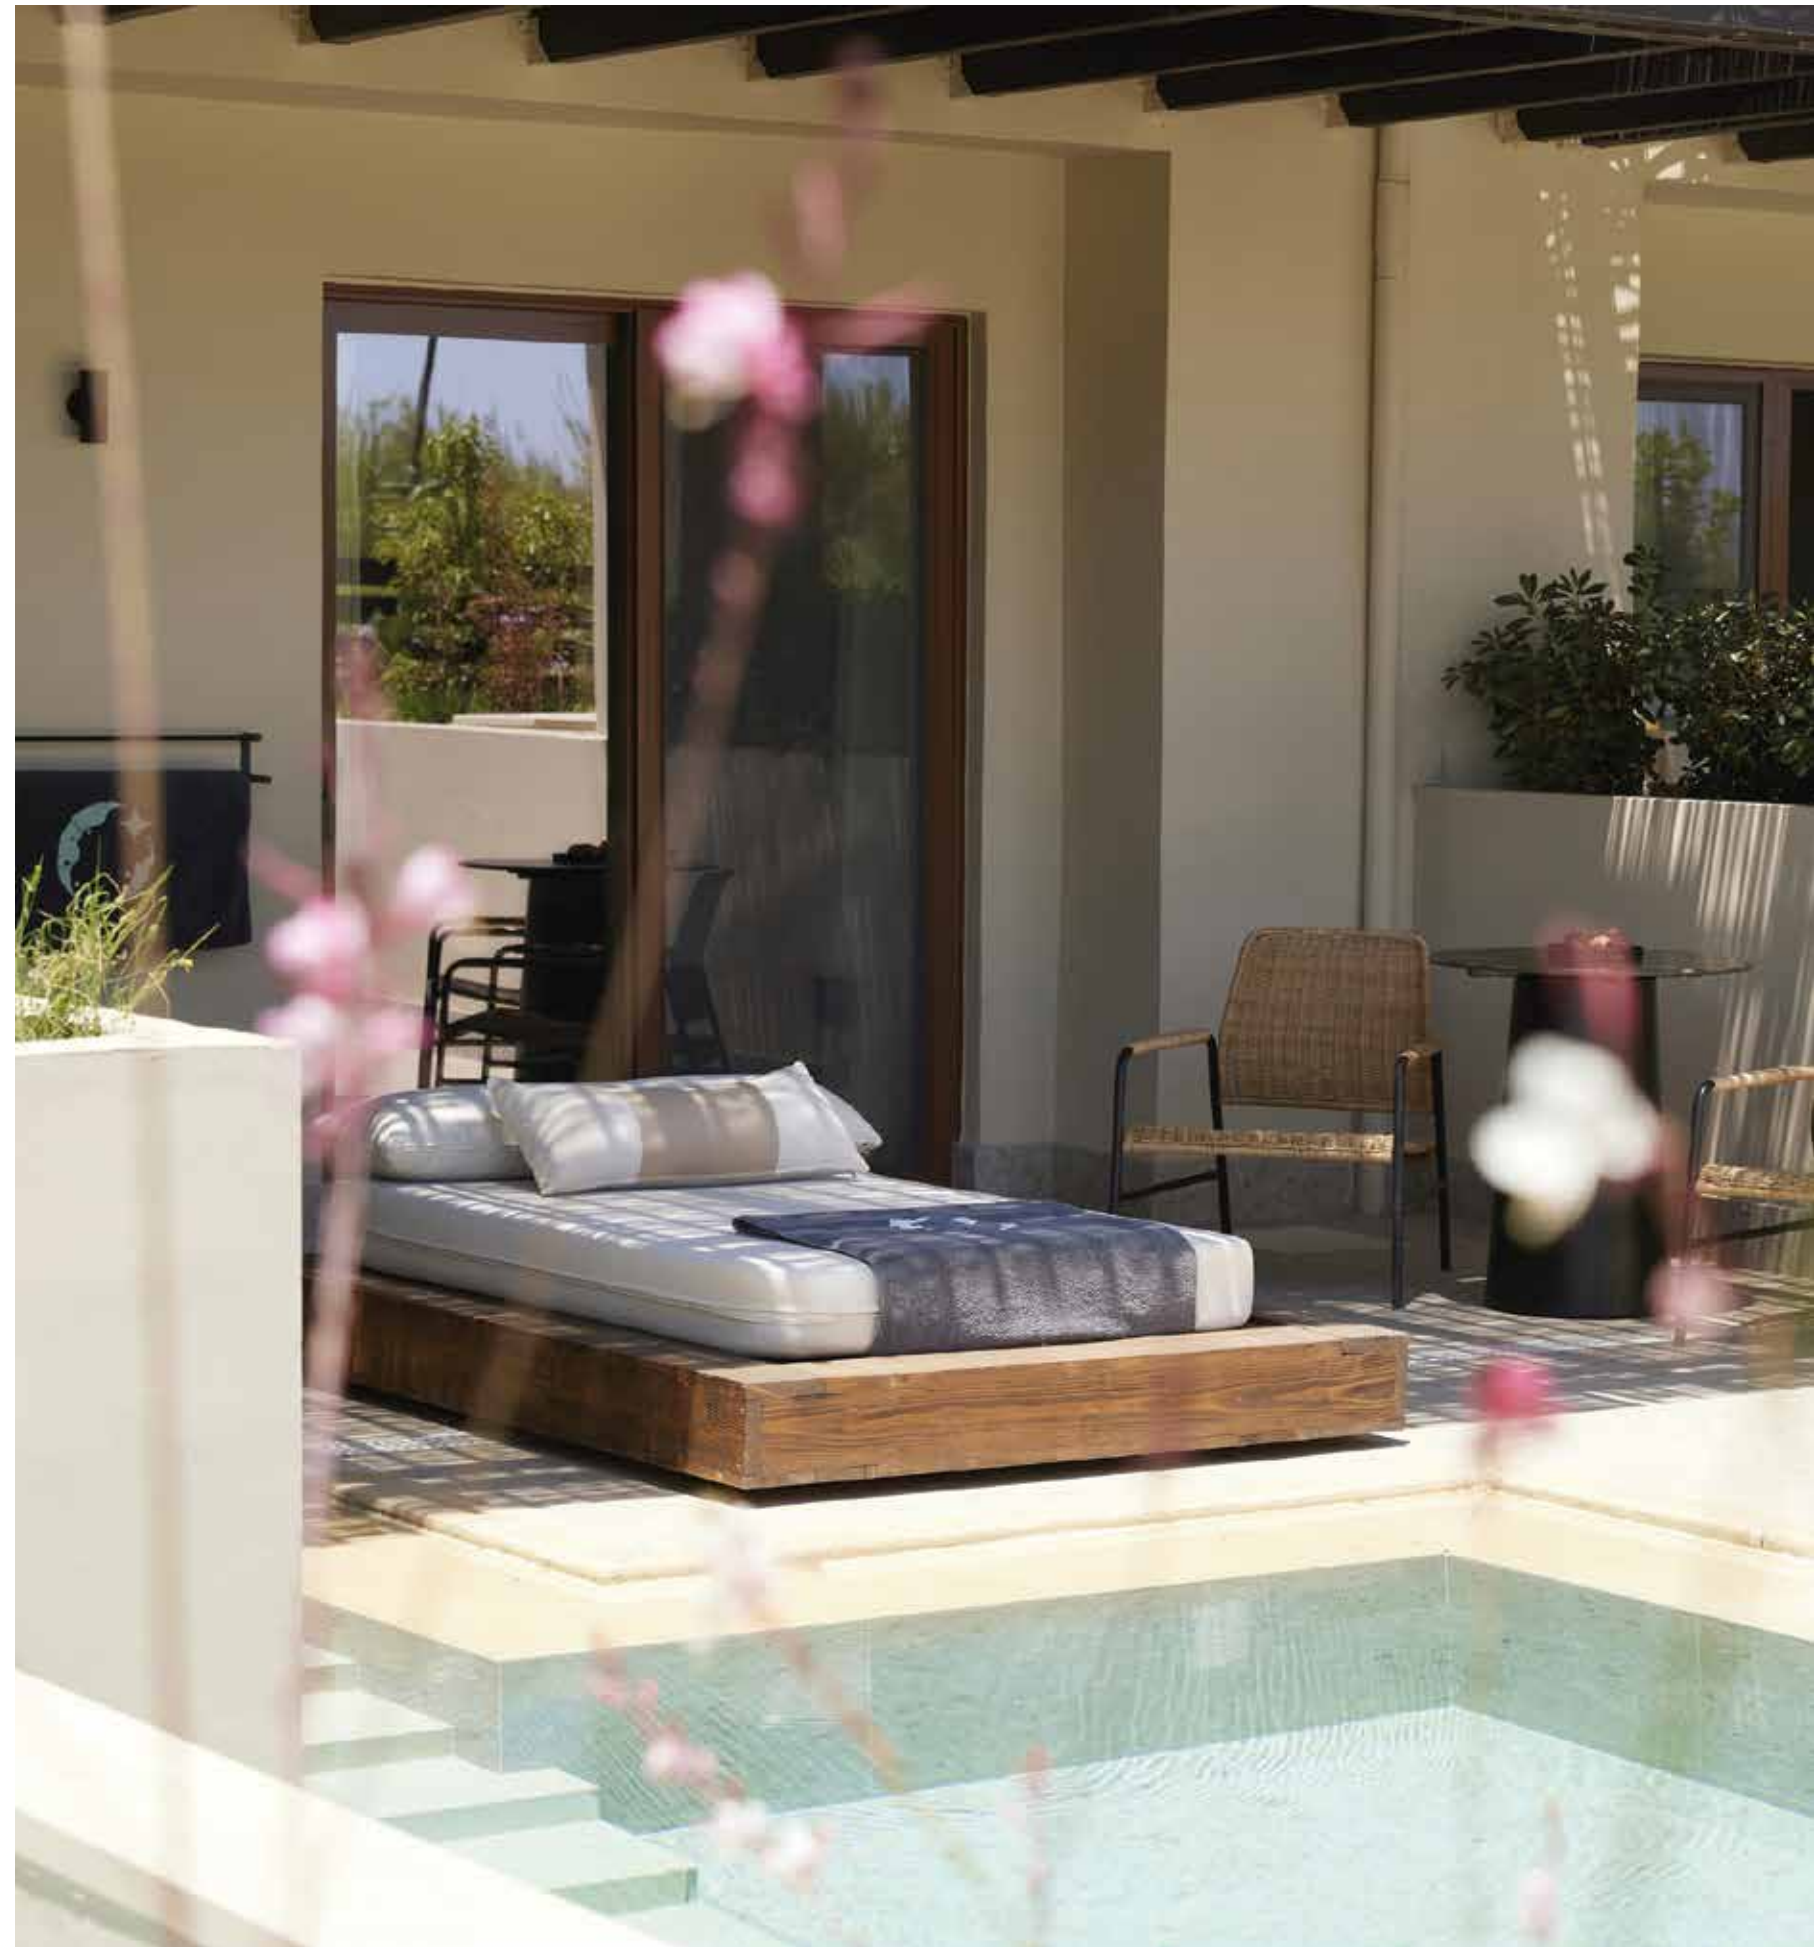

**The natural beauty of the new hospitality**

## Asterion Suites & Spa

The new universe  
of authentic luxury hospitality,  
just 15 km from Chania town.

A 5-star complex of  
67 design-led suites where  
guests feel like starmade kings.

**A brand new universe of luxury accommodation by the beach of Pyrgos Psiloneros in Chania, Crete, interweaves contemporary references with the Cretan heritage.**

## Asterion's name comes from the first king of Crete and husband of Europa.

Born as the myth suggests from the explosion of a supernova, it's only natural that **Asterion Suites & Spa**, an honorary member of the Exclusive Collection of **Louis Hotels**, shines bright, self-defining, not redefining the new rules of lifestyle luxury.

## **An excellent launching pad to discover all the wonders that Crete has to offer,**

from historical sites, picturesque villages and exotic sandy beaches, to diving excursions, wine tasting, shopping and nightlife.

Western Crete is home to many of the island's most popular sites making our hotel the perfect starting point for all your excursions. It also boasts some of the island's most dramatic scenery and attractions.

The **67 suites**, the **two restaurants** and the sophisticated common areas are creating the pillars of a new hotel culture.

The birth of a new travel philosophy sharing the same core values of Asterion - ethos, brilliance, human connection, all summarized in a basic principle: A **modern architectural approach** that respects local traditions and the surrounding area.

## Anthropocentric services provide the ultimate hospitality experience.

Indoor spaces filled with **natural light**, flavors and experiences “fermented” by local traditions and embraced by the area’s **unspoilt natural beauty**.

## Architecture & Design

**On the beach of Pyrgos Psiloneros**, located right on the verge of a magnificent bay and just 15 km from the picturesque city of Chania, the hotel commits to the perpetual connectivity of indoors and outdoors, the blend of past and present. All the spaces feature contemporary elements linked to the area's tradition, **exuding serenity**, and refined simplicity, reminding that Zen is of Greek origin.

The **linen fabrics and soft textures** reflect the easy living intention of the hotel. The color palette does not deviate from the earth tones and combined with the lush Mediterranean flora they create an atmosphere that not only interacts with the uniqueness of the landscape but also becomes part of it.

“Our main goal has always been to create an environment that people can **escape from the ordinary**. An accommodation that will interact with the visitor, but at the same help him escape from the overwhelming version of mass tourism hospitality”, says the architectural team of **Asterion Suites & Spa**.

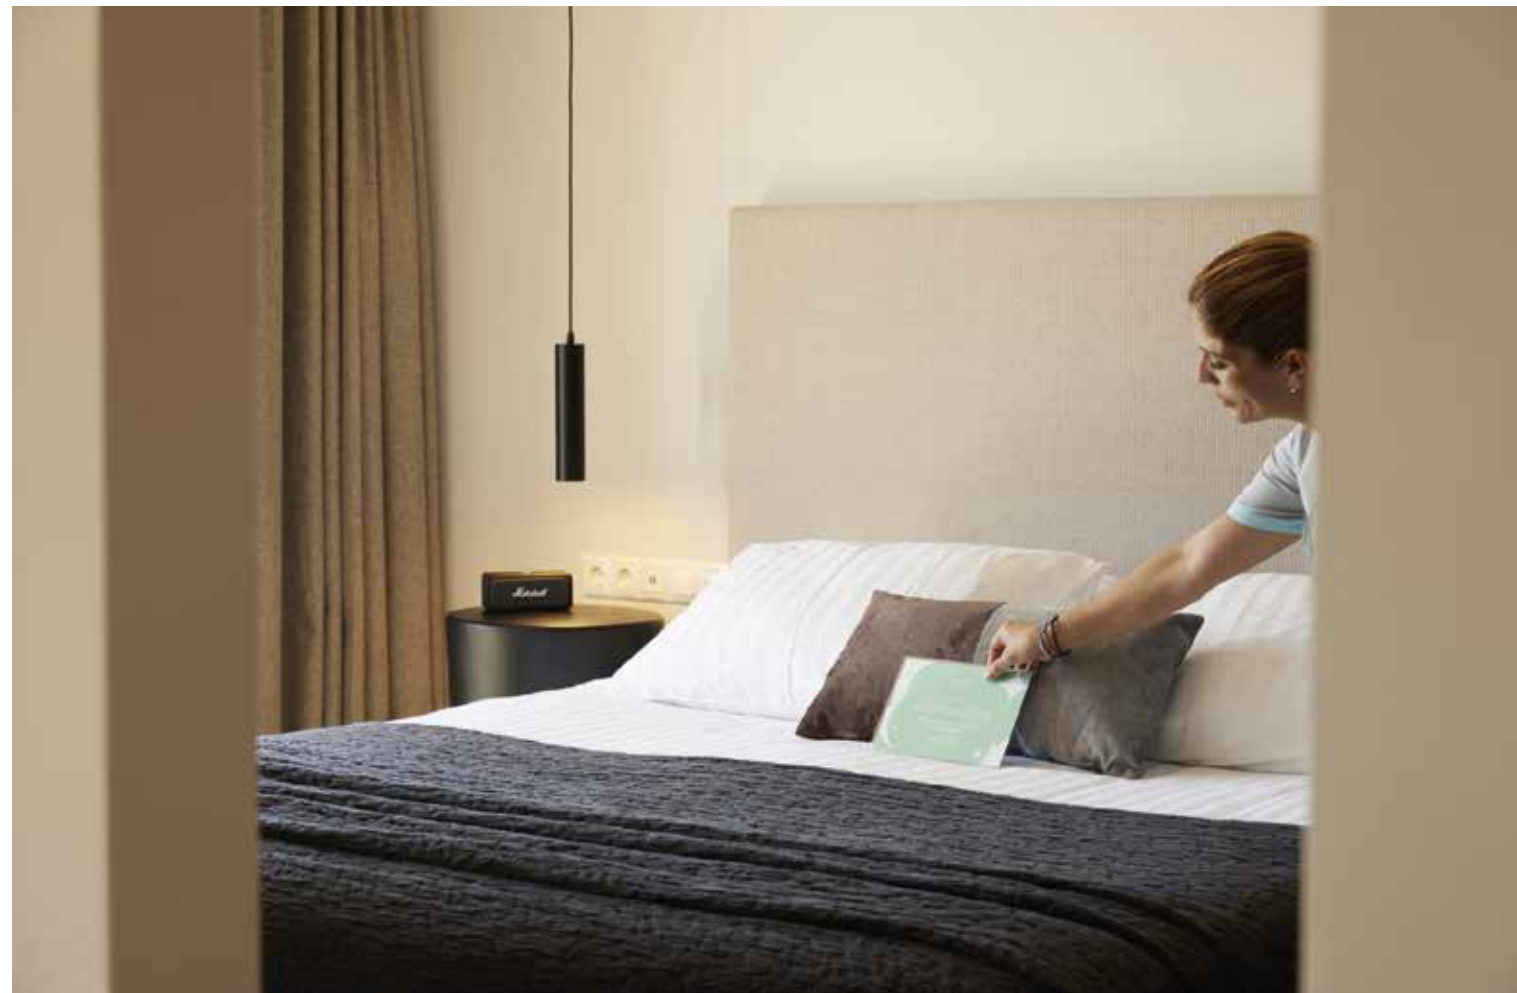

## The Rooms

Spread out over 7.5 acres, **Asterion Suites & Spa's 67 suites** offer direct access to the hotel pool or a private pool.

Featuring **astronomy-inspired names** such as Cosmos, Planet, Universe and Kingdom, the suites reflect the aesthetic rhythms of summer living. Flooded with **natural light**, they are the embodiment of Cretan chic.

The high quality bedding and mattresses create an autonomous cocoon where the mood of relaxation prevails. **Luxurious toiletries** and pleasant surprises, such as a **Marshall music station**, are just some of the hotel's treats.

## The Authenticity Of Flavor

Underpinned by a farm-to-table and slow cooking philosophy, the à la carte restaurant “35°” reinvents the islands traditional cuisine through fresh, **local produce** from artisanal producers. The interactive **live cooking** is just one of the numerous highlights the hotel offers to the guests.

**At Asterion Suites & Spa  
we re-discover the  
essence of simplicity...**

**In the flavors, the  
aromas, the styling...**

**And this is what creates  
a memorable hospitality  
experience.**

## Gastronomy

Guests may experience **a tasteful culinary journey** in one of the 2 Hotel restaurants, an abundant, large selection of international dishes at Matter buffet restaurant or a dinner at the 35° Cretan a-la-carte restaurant with international and Greek cuisine.

An excellent choice for **a relaxing atmosphere** and a refreshing drink consists the Naked Star pool bar with wonderful sea view.

Until Lunch time a la carte menu will be available to guests at Matter main restaurant (breakfast & Dinner- Buffet Service, Lunch- a-la-carte service).

**Unpretentious  
luxury as  
a natural  
extension of  
the enchanting  
landscape  
surrounding  
the resort.**

Set on the northwest shoreline of Crete, nestles **Asterion Suites and Spa**, just 35 km from Chania's International Airport. The Hotel is an ideal starting point for a wonderful journey to discover the sandy beaches , majestic gorgesand the **hospitality spirit** of the island.

During W20/21, **the hotel underwent a complete transformation**, fully renovating all rooms and public areas, which have enhanced it to
